The United States Military Academy is accepting applications for the position of Chief Information Officer and Associate Dean of Information and Educational Technology (IETD). The Associate Dean for Information and Educational Technology is an Academy Professor (FA47Q) Colonel position and also serves as the United States Military Academy (USMA) CIO. The incumbent oversees the Information and Educational Technology Division at USMA as a member of the Dean's staff and serves as the USMA CIO under the Superintendent. The Associate Dean is responsible for advising the Dean on all matters relating to information technology and education technology. The Associate Dean directly supervises the four branches of the Information and Educational Technology Division; client support, enterprise services, software engineering, and plans and policy and indirectly the computer support staffs supporting each USMA organization. The Associate Dean works closely with the USMA IT Strategy Committee, the Laboratory Resources Committee (LRC), the Plans and Resources Division and the Academic Research Division under the Director of the Dean’s Staff and the Vice Dean for Education. The incumbent is responsible for creating and implementing the information and educational technology vision and strategic plan and for managing OMA and OPA budgets and the cadet computer procurement for both the Dean’s directorate and the USMA institution/enterprise. As the USMA CIO, the incumbent coordinates with Department of the Army and other external staff on all IT matters and maintains relationships with colleagues at other universities and service academies. Additionally the USMA CIO serves as the Information Assurance Program Manager for all accredited systems for USMA and must maintain all DoD 8570.01 required certifications. The Associate Dean/USMA CIO serves in other governance roles as necessary. Applicants must have a strong commitment to the educational, military, physical, and ethical development of cadets. Applicants should be experienced in cyber security processes and regulations, enterprise IT architecture, client IT services, and Army and DoD IT management organizations/processes. They should also possess an exemplary military record, to include significant leadership experience, completion of advanced military schooling (CSC or ILE minimum), and recent experience in an operational unit (preferably with time in a KD position).

Officers interested in applying for this position should contact: CPT Jonathan Couch, Department of History, United States Military Academy, West Point, New York 10996. Telephone: Commercial (845) 938-5587 or DSN: 688-5587; email: Jonathan.Couch@usma.edu. Completed applications must be received by 6 July 2015.

The United States Military Academy is an Equal Opportunity, Affirmative Action Employer. Women and minorities are encouraged to apply.
